[Lyrics by Hubertus]

I walk on a path of desolation where  
Screams and tears has a sound of bitterness.  
O almighty, why can't i see the darkness that  
Blinds my view.

Lost in an empty essence where darkness  
Reign night and day. My yearning to a life of  
Victory drowns in grief and misery.

Why shall my flesh be consumed of this lust  
Of evil that perverts the creation of God? The  
Seduces that blackens my heart makes my  
Soul to tear apart.

Like the dew of the morning delivers the cold  
Shape of night. As rays of hope brings a  
Dawn of freedom. Emperor of universe  
Release my bounds and set me free by the  
Blood of Christ.
