I had a feeling

That your holding my heart

And i know that it is true

You wouldn't let it be broken apart

'coz it's much to dear to you

Forever we'll be together

No one can break us apart

For our love will truly be

A wonderful smile in your heart

When the night comes

And i'm keeping your heart

How i feel so much more secure

You wouldn't let me close my eyes

So i can see you through and through

You're a sweet tender lover

We are so much in love

I'm not afraid when you're far away

Just give me a smile in your heart...

You brighten my day

Showin' me my direction

You're comin' to me

And givin' me inspiration
How can i ask for more
From you my dear
Maybe just a smile in your heart
I'm always dreamin'
Of being in love
But now i know that this is true
Since you came into my life
It's true love that i had found
I pray that you wouldn't leave me
Whatever may come along
But if you do i won't feel so bad
Just give me a smile in your heart...
You brighten my day
Showin' me my direction
You're comin' to me
And givin' me inspiration
How can i ask for more
From you my dear
Maybe just a smile in your
(maybe just a smile in your heart)
You brighten my day
Showin' me my direction
You're comin' to me
And givin' me inspiration

How can i ask for more

From you my dear

Maybe just a smile in your heart

Give me a smile in your heart
