Like a liar, like a thief  
Like a worn-torn child who needs release  
I'm feeling hazy force from the blow  
I just can't find the words to let you know

I got no words  
I got no words for you  
I got no words  
I got no words for you

Call the system that ain't right  
I don't play to win 'cause I don't wanna fight  
I'm reeling hazy, a force from the blow  
I just can't find the words to let you go

I got no words  
I got no words for you  
I got no words  
I got no words, it's true

Well I made you suffer, I let you fall alone  
Was undecided, keep creeping oh for more  
I made you suffer I let you fall alone  
I was undecided, oh but I was wrong  
[Incomprehensible]

Well I made you suffer, I let you fall alone  
Was undecided, keep creeping oh for more  
I made you suffer I let you fall alone  
I was undecided, oh but I was wrong  
[Incomprehensible]

I made you suffer, I made your skin crawl  
I know a place where the old can die alone  
I made you suffer I made your skin crawl  
Oh oh oh oh no

I got no words  
I got no words  
I got no words  
Well I got no words  
Oh no no
