Hey, that little sister
Little sister she's driving me wild
She got me reeling
Got me reeling in a crazy style

Whoa, yeah
You pull me close to you
(Yeah, yeah, you pull me close to you)
Then you pin your heart on my sleeve
and leave a little bruise

Whoa, yeah
You pull me close to you
(Yeah, yeah, you pull me close to you)
Then you pin your heart on my sleeve
and leave a little bruise

Bruise, little bruise
Bruise, little bruise
