Well I know there's no master plan
So I'm gonna talk it up while I can.
In a mirror, in the mirror,
Smoke and mirrors.
Artful deception or call it deceit
I got a bark like a kick in the teeth.
In a mirror, in the mirror,
Smoke and mirrors.
Yeah.

Girl it seems you got your sight set on
Heartbreak, Heartbreak honey yeah.

Girl it seems you got your sight set on
Heartbreak, Heartbreak honey yeah.
Ooh it hurts cause you all fell for it
You're set right on.
Maximum heartbreak, heartbreak, heartbreak,
heartbreak.

All reflection to get a reaction
All part of the main distraction and
Mirrors, mirrors
Smoke and mirrors.
What image do you want to receive?

What is easier to believe?
In the mirror, in the mirror
Smoke and mirrors.

Yeah

Girl it seems you got your sight set on
Heartbreak, Heartbreak honey yeah.

Girl it seems you got your sight set on
Heartbreak, Heartbreak honey yeah.
Ooh it hurts cause you all fell for it
You're set right on.
Maximum heartbreak, heartbreak, heartbreak,
heartbreak.

Well I know there's no master plan, oh
So I'm gonna talk it up while I can.
In the mirror, in a mirror,
Smoke and mirrors.
Artful deception but I call it deceit
I got a bark like a kick in the teeth.
In the mirror, in a mirror,
Smoke and mirrors.
Yeah.

Girl it seems you got your sight set on
Heartbreak, Heartbreak honey yeah.

Girl it seems you got your sight set on
Heartbreak, Heartbreak honey yeah.
Oh it hurts cause you all fell for it
You're set right on.
Maximum heartbreak, heartbreak, heartbreak,
heartbreak.

Heartbreak.

Oh heartbreak, Oh heartbreak.

Your set to maximum Heartbreak.

Oh heartbreak, Oh heartbreak.

Your set to maximum Heartbreak.

Oh heartbreak, Oh heartbreak.

Your set to maximum Heartbreak.

Oh heartbreak, Oh heartbreak.

Your set to maximum Heartbreak.

Yeah, oh yeah, oh yeah, ooh.
