Something's whispering your name
Can you hear it call
Yes it's time to make a change
And it's not a sound at all
All your words won't let you hear
Silence in your soul
Listen to the whispering
Every word will explode

And if you want to change your mind
Don't knock on freedom's door
Find another space and time
And join the mystic motion yeah

Full of fantasies and fear
And the guilty heart
Even though the light is free
We've been paying for the dark
Too much sugar in your dreams
Will be poisoning
Everything you think you know
Will cause your pain - they say

In time - we'll change our lifes
In time - we'll sacrifice
In time - we'll find ourselves
In time - but I'm telling you that

If you want to change your mind
Don't knock on freedom's door oh oh
And if your soul is hard to find
Then join the mystic motion yeah mm-mm

Living with a restless mind
We will never see
We have the same directions
But in different galaxies
Close your eyes open your soul
And the words of your mouth
Will be meditation of your heart
And you will know that

Time - is nothing in gained
And time - won't heal your pain
And time - is a waste of time
Time and time again yeah

And if you want to change your mind
Don't knock on freedom's door (knock on freedom's
door)
True believers have no fear
Just join the mystic motion

Just join the mystic motion
Join the mystic motion
Yeah and if you want to change your mind
Yeah and if you want to change your mind
Stop don't knock on freedom's door
Freedom freedom freedom yeah
Freedom freedom freedom yeah
