I wondered just how long I might have wondered  
About the things of God, the way to life  
I might have gone on wondering forever  
Had I not obeyed and fell on the Word of Christ  
I took a step of faith when I took Jesus  
And by God's grace I found the wisdom to believe  
And taking hold of hope, I have discovered  
That what I took has taken hold of me

Chorus: Come and take hold of love  
Come and take hold life  
Just let God prove His promise  
Come and take of Christ

Alive in Christ and filled with every blessing  
With hope, with joy, with peace, with faith, with love  
Our very lives are never-ending witness  
That God Himself has taken hold of us

Chorus: Come and take hold of love  
Come and take hold life  
Just let God prove His promise  
Come and take of Christ

And we know what we believe, we are persuaded  
By God's grace the truth is no longer sealed  
And the wise men of a thousand generations  
Cannot argue with the love  
Cannot argue with the life  
Cannot argue with what God has revealed

Chorus: Come and take hold of love  
Take hold of life  
Just let God prove His promise  
Take hold of Christ

Come and let go and feel  
Come and let go and find  
Set from the tombs of darkness  
Take hold of Christ  
Take hold of love  
Take hold of life

Take hold of Christ!  
Take hold of Christ!
