What made God take so much care
To make creation glow?
He could have made it black and white
And we'd have never known.

And what made God send Jesus
To die on Calvary?
Of course it was this joyous thing
I feel inside of me

Chorus:
That's the love of God
It's never ending
That's the love of God
Always forgiving
He's always there, He never fails, all He will do is love
forever
And He loves to share it
That's the love of God

He can change a family
He's already changed the world
When Jesus brings it to a heart
Heaven's banner is unfurled

And once you start to share it
In His precious name
You're glad to see your view of life
Will never be the same

REPEAT CHORUS

La, la, la, la, la, la
La, la, la, la, la, la
La, la, la, la, la, la

That's the love of God
It's never ending
That's the love of God
Always forgiving
He's always there, He never fails, all He will do is love

forever

And He loves to share it, And He loves to share it

That's the love of God

That's the love of God

That's the love of God!
