Hello my dear  
It seems like forever  
Since you've stopped by  
I can't stand another lie  
Here's where I say goodbye  
The things you ask are just too demanding  
You're free at last so do what you want tonight  
I'm barely alive

I wanna let go and forget to remember  
That the world was ours  
No control here it's out of my hands  
Out of my hands  
Tonight I begin to surrender  
When I'm here in your arms  
No control here  
It's out of my hands  
Out of my hands tonight

The summer air is slowly decreasing  
The temperature I wish I could set things right  
I think you have a stall sight?  
I've sat right here for more then a decade  
Scared to move

Forward and live my life  
I just can't survive

I wanna let go and forget to remember  
That the world was ours  
No control here  
It's out of my hands  
Out of my hands tonight  
I begin to surrender  
When I'm here in your arms  
No control here  
It's out of my hands  
Out of my hands tonight

I wanna let go and forget to remember  
That the world was ours  
No control here

It's out of my hands  
Out of my hands  
Tonight I begin to surrender  
When I'm here in your arms  
No control here  
It's out of my hands  
Out of my hands tonight  
No control here  
It's out of my hands  
Out of my hands tonight
