I know that time will surely break
the silence in my soul
i'll listen to the chimes of freedom

i need to walk around this strange world
forever more
let's start to love: age of aquarius

oh, who can give me a deeper love?
oh, in my heart i'm looking for
oh, who can give me a deeper love?
oh, tell me what i need to know

i will pray, oh oh
i'll never stop to dream, i'll never stop to dream
i will pray, oh oh
the power in my mind, oh oh-o
i will pray, oh oh
i'll never stop to dream, i'll never stop to dream
i will pray, oh-oh
the power in my mind, oh oh-o
i'll see the light

please babe show me plastic visions from
the mystic door
i'll fight to fill an empty frame

so many dreams and words unsaid
it's time to make a change
let's start to live: age of aquarius

oh, i feel burnin' in my head
oh, i will sacrifice myself
oh, who can give me a deeper love?
oh, tell me what i need to know

i will pray, oh oh
