We tried to think about it
Then we talked about it
Now we have to be without it
But it doesn't work

I can't go on without it
My life is filled around it
I have no reason without it
I just can't let go

You and me together
Will never be forever
How can I go on,
When I just can't let you go?
You and I forever
The saddest story ever
Ourselves are coming down
I am drowning in my dreams of you

Had a few fights about it
So I cried about it
Then we made love about it
Then we had to let it go

I miss the feeling of it
Now I have to face the world without it
There's no book about it
So it's all my love

You and me together
Will never be forever
How can I go on,
When I just can't let you go?
You and I forever
The saddest story ever
Ourselves are coming down
I am drowning in my dreams of you

So I walk from it all
Take a picture of my wall
Still it's all reminding me of you
So I walk from it all

Let the raindrops fall
I guess the ending says it all

You and me together
Will never be forever
How can I go on,
When I just can't let you go?
You and I forever
The saddest story ever
Ourselves are coming down
I am drowning in my dreams of you
