She walks but doesn't raise her head  
She keeps her eyes towards the ground  
So you know, something's wrong  
She tries to talk to anyone  
Everybody let's her down  
She can not go on

Did you ever notice  
How everything comes back around  
I know it won't be perfect  
But I wanted you to know  
Wanted you to know

That you will not be alone  
You will not be alone  
You will not be alone  
You will not be alone

So tell me why you dissipate  
Make the note that no one else will understand  
There is no other  
Do you think that you and I  
Could wish it on a starlit sky?  
Do we wish for eternal?

Well I can't stop you falling  
But I will lift you off the ground  
And no, it won't be perfect  
But I wanted you to know  
I wanted you to know

That you will not be alone  
You will not be alone  
You will not be alone  
You will not be alone

Well did you ever notice  
How everything turns back out?  
And no, it won't be perfect  
But I wanted you to know  
I wanted you to know

That you will not be alone  
You will not be alone  
You will not be alone  
You will not be alone

As long as I'm left  
I will be there  
As long as I'm left  
I will be there
