I haven't seen you for a while
But I see you everyday
I look to Heaven when I say
There must be some mistake

When I close my eyes, I'm there with you
When I go to sleep, you're there with me
Everyday in my life, I dream of you
Lying next to me, 'cause you're every dream
I won't let go

I know you're looking down
Watching me
I bet you look so beautiful
With angel wings

When I close my eyes, I'm there with you
When I go to sleep, you're there with me
When the sky came falling down
It left me just one way to see you now

When I close my eyes, I'm there with you
When I go to sleep, you're there with me
Everyday in my life, I dream of you
Lying next to me, 'cause you're every dream
I won't let go

I know you're looking down
Watching me
I bet you look so beautiful
With angel wings

I won't let go
I won't let go of you
