Goosebumps on your fresh shaved legs
The scent of incense burning
I saw the Summer's breeze blow through the window
And I see you skin is blessed in baby oil

I shouldn't have looked into you window
I know that someone as beautiful as you
Could never want me
I shouldn't have looked into your window
I know that you only want me in my dreams
You only want me in my dreams
So don't let go

And I see, I got one last dance
Before the lights come on again
And I've given you every chance
But you don't wanna let me in

I shouldn't have looked into you window
I know that someone as beautiful as you
Could never want me
I shouldn't have looked into your window
I know that you only want me in my dreams
You only want me in my dreams
So don't let go

I don't wanna talk about it
Don't know why I even tried
Every dream I have
Is just another dream of you
I don't wanna talk about it
Don't know why I even tried
Every dream I have
Is just another dream of you
And I don't know why

I shouldn't have looked into you window
I know that someone as beautiful as you
Could never want me
I shouldn't have looked into your window
I know that you only want me in my dreams
You only want me in my dreams

So don't let go

You only want me in my dreams
In my dreams
