You said I'm not the one inside of you
Even if I was, what could I do?
You've already made up your mind
I'm out of your life

Promises that were made
Are broken
Like the words we all take
For granted
And you were some
And I hope you're wrong

You said I'm not the one inside of you
Even if I was, what could I do?
You've already made up your mind
I'm out of your life
I'm out of your life

Remember

Well I pretend that you're here
Beside me
Feel you breathe on my neck
When I speak
I've waited long
And I hope you're wrong

You said I'm not the one inside of you
Even if I was, what could I do?
You've already made up your mind
I'm out of your life
I'm out of your life

Were you calling my name
When I go to sleep?
Were you calling my name?
Were you calling me?
Were you calling my name
When I go to sleep?
Were you calling my name?
Were you calling me?

Forever

You said I'm not the one inside of you
Even if I was, what could I do?
You've already made up your mind
I'm out of your life

I'm out of your life
I'm out of your life
I'm out of your life
