Kill your radio  
Kill your radio

Waited on the phone line  
Play us at the wrong time  
Someone said I heard you on the station  
I don't need a reply  
Wanna do a drive by  
On every record label in the nation  
Searching for the bright light  
Gotta get the sound right  
Someone said I heard you and you're breaking  
I don't really care why  
Zero, zero, point, five  
Didn't put us into the rotation

Kill your radio  
Can't wait around for the radio  
To catch up with me  
Can't wait around, no I gotta go  
So catch up with me  
Tell me that I'm just fine  
Tell me that it's just wine  
Sue me then it's just a new creation  
I don't really care why  
Zero, zero, point, five  
Didn't put us into the rotation  
I don't really care why  
Zero, zero, point, five  
Didn't put us into the rotation  
I don't need a reply  
Wanna do a drive by  
Every record label in the nation

Kill your radio  
Can't wait around for the radio  
To catch up with me  
Can't wait around, no I gotta go  
So catch up with me

Kill your radio  
Can't wait around for the radio

To catch up with me  
Can't wait around, no I gotta go  
So catch up with me  
Can't wait around for the radio  
To catch up with me  
Can't wait around, no I gotta go  
So catch up with me
