Have you ever been the one picked last?
You wanted to die while they all laughed
Have you ever felt alone in a crowd?
You don't have to take this

I reached out to you
And you turned on me
Your disguise isn't fooling them
You're just like me
Left out

Have you ever had a chance to be your self?
We all wanna be like someone else
I'm sick of seeing a strange
Who shouldn't be there in the mirror

I reached out to you
And you turned on me
Your disguise isn't fooling them
You're just like me
Left out

Have you ever been the one picked last?
You wanted to die while they all laughed
Have you ever felt alone in a crowd?
You don't have to take this

Have you ever had a chance to be your self?
We all wanna be like someone else
I'm sick of seeing a stranger
Who shouldn't be there
Are you ready now?

Have you ever been the one picked last?
You wanted to die while they all laughed
Have you ever felt alone in a crowd?
You don't have to take this

I reached out to you
And you turned on me
Your disguise isn't fooling them
You're just like me

Left out

You're just like me

You're just like me
