Hate, is it taking control?
And love, Are you letting us go?

Until you feel the same
You've kept me silent
Now no one knows the way
We're lost
And only you can save us now
With fear and your hate, alone

The tears, let you know what's inside
The pain, makes us feel in this life

Until you feel the same
You've kept me silent
Now no one knows the way
We're lost
And only you can save us now
With fear and your hate, alone

Set us free
Set us free

The Fear, is it holding us back?
Your heart, is a way of attack

Until you feel the same
You've kept me silent
Now no one knows the way
We're lost
And only you can save us now
With fear and your hate, alone

And only you can save us now
With fear and your hate, alone
