She's just another bitch who fucks him a lot  
She can't decide what she wanted  
She's always drunk  
And she's checking out my friends  
When I turn my head she's blowing kisses

She still don't know, wonder why  
I think I'm really gonna miss you  
Everytime I'm in my way  
I'm hoping that she killed herself  
I know it's wrong, and who's to say

Said she's leaving me  
I'll have to see  
If I'm feeling pain  
But that'll be my lucky day

I think I'm really gonna miss you  
I think I'm really gonna miss you

She's broken promises  
And always starts a fight  
Says ain't nothin' right  
She's a problem  
Everything she did got under my skin  
Hate the way she smiles  
I wanna leave it

She still don't know, wonder why  
I think I'm really gonna miss you  
Everytime I'm in my way  
I'm hoping that she killed herself  
I know it's wrong, and who's to say

Said she's leaving me  
I'll have to see  
If I'm feeling pain  
But that'll be my lucky day

She's just another bitch who fucks him a lot  
She can't decide what she wanted  
She's always drunk

And she's checking out my friends  
When I turn my head she's blowing kisses

She still don't know, wonder why  
I think I'm really gonna miss you  
Everytime I'm in my way  
I'm hoping that she killed herself  
I know it's wrong, and who's to say

Said she's leaving me  
I'll have to see  
If I'm feeling pain  
But that'll be my lucky day

I think I'm really gonna miss you  
I think I'm really gonna miss you  
I think I'm really gonna miss you  
I think I'm really gonna miss you
