Livin' alone  
Wait for the day  
All that I see  
I'm sick of waitin'  
All that I know  
Is turnin' on me  
Empty inside  
Making me jaded

I stand alone  
There's no justice  
I stand alone  
Alone

Runnin' away  
Lost in the seams  
Only when you  
You're sellin' me  
Under the core  
Of every dream  
But now you're gone

I stand alone  
There's no justice  
I stand alone  
Alone

Other than you  
Other than you  
I feel nothing  
Other than you  
Other than you  
I feel nothing

And now I understand  
Why you left  
Now I understand  
Why you left  
Now I understand  
Why

Livin' alone

Wait for the day  
All that I see  
I'm sick of waitin'  
All that I know  
Is turnin' on me  
Empty inside  
Making me jaded

I stand alone  
There's no justice  
I stand alone  
Alone  
I stand alone  
There's no justice  
I stand alone  
Alone  
I stand alone  
There's no justice  
I stand alone  
Alone  
I stand alone  
There's no justice  
I stand alone  
Alone

Other than you  
Other than you  
I feel nothing  
Other than you  
Other than you  
I feel nothing
