Oh, oh, oh  
Just my luck that you walked right in my life at a time  
when it was a-going so right  
Now I'm walking all 'round so confused  
What should I do  
This can't be true  
I though I had it all figured out  
I had my girl  
But now I have doubts  
See I've never felt like this way about her  
Oh  
It never felt so right  
Should we let it flow girl  
Oh  
Should we fight  
Yeah

(Chorus)  
Since I laid eyes on you everything's been automatic  
I can't control myself  
Sorry to be so dramatic  
Is this a big mistake  
Guess it's a risk I'll take  
I'm not sorry to say that I got it for you (Repeat 1x)

What would you do if you were in my place  
I'm scared that I might go and misbehave  
I really don't want to break any hearts  
But this is going too far  
Tell me how you feel and what I should do  
Cause I can come over and hang out with you

You got to know and I got to know  
That this is real  
It never felt so right  
Should we let it flow girl (let it flow girl)  
Oh  
Should we fight

(Chorus)  
Since I laid eyes on you  
Everything's been automatic

I can't control myself (myself)  
Sorry to be so dramatic (oh, oh)  
Is this a big mistake (woo)  
Guess it's a risk I'll take (risk I'll take)  
I'm not sorry to say that I got it for you

Since I laid eyes on you everything's been automatic  
(everything's)  
I can't control myself  
Sorry to be so dramatic (Sorry to be so dramatic)  
Is this a big mistake (a-ey)  
Guess it's a risk I'll take  
I'm not sorry to say that I got it for you

Baby take a chance on me  
Show you want this to be  
I know there ain't no guarantees  
This here is true (this here is true)  
I really got it for you

(Chorus)  
Since I laid eyes on you (oh)  
Everything's been automatic  
I can't control myself (I can't control myself)  
Is this a big mistake  
Guess it's a risk I'll take (oh, risk I'll take)  
I'm not sorry to say (I)  
That I got for you  
Since I laid eyes on you everything's been automatic  
I can't control myself (I can't, yea, yea)  
Sorry to be so dramatic  
Is this a big mistake (ugh)  
Guess it's a risk I'll take (I'll take)  
I'm not sorry to say that I got it for you

Since I laid eyes on you everything's been automatic  
I can't control myself (I can't control myself, yea, yea)  
Sorry to be so dramatic  
Is this a big mistake  
Guess it's a risk I'll take (risk I'll take)  
I'm not sorry to say that I got it for you (sorry to say)
