[There I was 10 years old
waiting in my room for him to come home
and i just knew he'd be so mad
though i begged my mother not to
she told my dad
there was no denying i let him down
but instead of being angry
he put his arms around me and said

CHORUS:

in the sunlight or the rain
brightest nights or darkest days
i'll always feel the same way
whatever road you may be on
no you're never too far gone
my love is there where ever you may be
just remember that you'll always be my baby

There I was 21 i was so ashamed of what i'd done
on a country road parked one night
what started out so innocent crossed the line
there was no denying i let god down
but instead of being angry he let his love surround me
and i heard

CHORUS:

in the sunlight or the rain
brightest nights or darkest days
i'll always feel the same way
whatever road you may be on
no you're never too far gone
my love is there where ever you may be
just remember that you'll always be my baby

There he is my little man
i'm sure he'll get in trouble every now and then
and i pray to god that when he does
i'll be just as understanding as my father was
cause the last thing that i wanna do is let him down
so instead of being angry i'm gonna throw my arms
around him and i'll say

CHORUS:

in the sunlight or the rain
brightest nights or darkest days
i'll always feel the same way
whatever road you may be on
no you're never too far gone
my love is there where ever you may be
just remember that you'll always be my baby

be my babyyyy]
