Lost in paradise
Bottled up inside
Playing with dynamite
Went to blow my mind

You're my saviour
I'm your prisoner
You have set me free
Under your command
Caught in your embrace
Knowing that I am

Nobody without you
But a wreck of a broken heart
Nobody without you
Just a cry in the desert
Everything about you
Reveals that I am
Nobody without you
But I keep trying
I keep on trying

Do you think of me
Do you care for me
Would you die for me
Like I'd die for you
Why I never said
I guess I was afraid
You wouldn't feel the same
Loving you always

Nobody without you
But a wreck of a broken heart
Nobody without you
Just a cry in the desert
Everything about you
Reveals that I am
Nobody without you
I keep on trying

In your eyes I see tomorrow
Chasing every cloud away

In your hands I feel no sorrow
You have saved me, you have made me

Nobody without you
But a wreck of a broken heart
Nobody without you
Just a cry in the desert
Everything about you

Nobody without you
But a wreck of a broken heart
Nobody without you
Just a cry in the desert
Everything about you
Reveals that I am
Nobody without you
But I keep trying
I keep on trying
