Na na na na ...

You're my everything

The sun that shines above you makes the blue bird sing

The stars that twinkle way up in the sky

Tell me I'm in love, when I kiss your lips

I feel the rolling thunder to my finger tips

And all the while my head in a spin

Deep with in I'm in love

You're my everything and nothing

Really matters but the love you bring

You're my everything

To see you in the morning with those big brown eyes

You're my everything

Forever and the day

I need you close to me

You're my everything

You never have to worry never fear

For I am near

You're my everything

I live upon the land and see the sky above

I'll swim within oceans sweet and warm

There's no storm my love

You're my everything and nothing

Really matters but the love you bring

You're my everything

To see you in the morning with those big brown eyes

You're my everything

Forever and the day

I need you close to me

You're my everything

You never have to worry never fear

For I am near

when I hold you tight

there's nothing that can harm you in the lonely night

I'll come to you and keep you safe and warm

Yes, so strong my love

when I kiss your lips  
I feel the rolling thunder to my finger tips  
And all the while my head in a spin  
Deep with in I'm in love
