hOH,Oh Love
You melt my heart
i've been waiting for an angel
Lord, i'm ready to start

Waited so long,
I Swear it's true
I got everything girl all that'S missing is you

Angel Love
Come for me
Come for me
Angel

Angel Love
Come for me
Come for me
Angel

Come on!

Don't wanna play games
Be your one night stand
if you got a bunch of problems girl
Then i ain't your man

Come on angel
make love with me
Tell me, Are you written in my destiny ?

Angel Love
Come for me
Come for me
Angel

Angel Love
Come for me
Come for me
Angel

Come on!

My heart's on fire
with a love affair
said i'm lonely
The pain is so hard to bear
Hold on, Don't go
Don't pass me by
Nothing lasts forever
but my dread will never die

Angel Love
Come for me
Come for me
Angel

Angel Love
Come for me
Come for me
Angel

When it's so right
To be by your side
Now that you're with me
we can touch the sky

Somehow baby,
oh baby...
