In this world there's so much anger
Our lives are in danger
We are all living in fears
We've got to stop the tears

Say life is for living
So why must we wait?
We all need some loving
So why do we hate? I don't know

In South Africa things are still the same
The face of humanity still hasn't changed
People have to fight to live together
And share with one another

We can make this a better place for all
If we listen to others when they call
Give a shoulder to lean on when they fall
We will bring down the apartheid wall

Innocent people pay with their lives
'Cause the truth, it cuts like a knife
Mandela's life is wasted in jail
So raise your voices for him

We can make this a better place for all
If we listen to others when they call
Give a shoulder to lean on when they fall
We will bring down the apartheid wall

Say life is for living
So why must we wait?
We all need some loving
So why do we hate?

Say life is for living
So why must we wait?
We all need some loving
So why do we hate?

Say life is for living
So why must we wait?

We all need some loving
So why do we hate?

Woza Mandela
Sibizi' gama lakho
Woza Mandela
