"Low Rider"

Visit "[Low Rider](#)" on MotoLyrics.com

All my friends know the Low Rider

The Low Ri-der is a little higher

Low Ri-der drives a little slower

Low Ri-der is a real go'er

Hey

Low Ri-der knows every street yeah

Low Ri-der is the one to meet yeah

Low Ri-der don't use no gas now

Low Ri-der don't drive too fast

Take a little trip

Take a little trip

Take a little trip and see

Take a little trip

Take a little trip

Take a little trip with me...
