Way down here on these dead end streets  
People live in doubt and fear  
And it kept them down for oh so long  
Now their time is getting near  
I don't know where  
I don't know how  
I don't know when  
But I'll tell you right now

[Chorus:]

One of these days you'll cross that line  
The people gonna take you by surprise  
The're gonna look their leaders in the eye (yeah)  
One of these days you'll cross that line  
The people gonna think with their own minds  
They're gonna leave the system for behind (yeah)

How many of us spend our lives  
On the outside lookin in  
Well it seems they got us all convinced  
That we're never gonna win  
I don't know where  
I don't know how  
I don't know when  
But I'll tell you right now

[Chorus]

[Bridge]

Do you really think we'll ever stop  
Lookin for as brighter day  
While it looks today like you're on top  
It could neverstay that way
