What's wrong with you?
Can't you live by the way you preach?
And change every time to see someone
You forget about the things you need

But I know from just bein' around
It's easy to go downhill
Starting from today
I'll seek only my Lord's way

So I'll be happy
Free and unafraid from today, yeah

I know from just bein' around
It's easy to go downhill
Starting from today
I'll seek only my Lord's way

So I'll be happy
Free and unafraid from today, yeah
