Since the moment I spotted you
Like walking around with little wings on my shoes
My stomach's filled with the butterfly's
Mmm and it's alright

CHORUS:

So I say, "Why don't you and I get together,"
"Take on the world and be together forever,"
"Heads we will tails we'll try again."
So I say, "Why don't you and I get together,"
"Fly to the moon and straight on to heavean,"
"Cuz without you they're never gonna let me in."

When's this fever gonna break?
I think I've handled more than any man can take
I'm like a love sick puppy chasing you around
Ooooh and it's alright Bouncing round from cloud to cloud
I got the feeling like I'm never gonna come down
If I said I didn't like it then you'd know I'd lie
Mmm Everytime I try to talk to you
I get tongue-tied
Turns out that everything I say to you comes out wrong
And never comes out right

Bouncing round from cloud to cloud
I got the feeling like I'm never gonna come down
If I said I didn't like it then you'd know I'd lie
Mmm Everytime I try to talk to you
I get tongue-tied
Turns out that everything I say to you comes out wrong
And never comes out right

(REPEAT CHORUS)

Slowly I begin to realize this is never gonna end
But about the same time you walk by
And I say, "Oh, Here we go again, oh."

Everytime I try to talk to you
I get tongue-tied

Turns out that everything I say to you comes out wrong
And never comes out right

(REPEAT CHORUS 2x)
