Oh way oh
hey..
hey..
Oh way oh
Oh way oh

So what divides From the bittersweetness love provides
I will redefine my place within this union
For what is a lie?
And the better me can't show its side
I will try to find my way to higher ground

Ohhhh! There's a million stories
And a million ways to get there from here

Baby, I'm gonna put your skin on mine.
Be inside you all my life
But if you let your heart open up your mind
There's a whole new world on the other side
I'm gonna be your satellite
My hand over your world at night
And I can hear you sleep beneath the candlelight
I can see your dreams like they were mine

Oh way oh
Oh way oh
Oh way oh
Way oh way oh

When I, I hear you scream i hear your cry
It makes me realize I'm only human
For what relies on the balance between love and pride?
Then I'll abandon all my pride and bring you love

Ohhhh! There's a million reasons
And a million ways to get to your heart

Baby, I'm gonna make you step outside
The corners of your world and find
That if you let your heart open up your mind
There's a whole new world on the other side
I'm gonna be your satellite

Now hand over your world at night
And I can hear you sleep beneath the candlelight
I can see your dreams like they were mine

Oh way oh
Oh way oh
Oh way oh
Oh way oh

(Instrumental Break)

Baby, I'm gonna put your skin on mine
Be inside you all my life
But if you let your heart open up your mind
There's a whole new world on the other side
I'm gonna be your satellite
Now hand over your world at night
And I can hear you sleep beneath the candle-light
I can see your dreams like they were mine

Oh way oh
Oh way oh
Oh way oh
Oh way oh
