Turn this up a little louder now  
Turn this up a little louder now  
Turn it up  
Ladies and gents you're tuned to the sound of Carlos  
Santana

Since supernatural ain't nothin' changed  
All new players still the same old game  
Well if you're low-ridin' or your up in your range  
Let me see you blow your horn  
For the mummies that be lookin' good at the bus stop  
The ones at the club that be makin' the fires start  
Your fools with the thugs that be makin' the guns spark  
Why can't we all just get along?

LAPD, riots, beating  
Streets on fire, the people fleeing  
Someone said, "There's O.J. speeding"  
Cochran beef in that club ain't fittin'  
Tyson's fight, Vegas lights  
Tupac lost his life that night  
And Biggie dies  
And hip-hop prize  
And that's when the east and the west unite  
So, come on

Oh, baby, baby, baby, I got your back  
No matter where I am, no mater where you at  
When you're thinking of me  
I'm dreaming of you  
Oh, don't worry baby  
If you can't break through  
It's 'cause I'm on same line  
Calling at the same time  
Trying to ease your mind  
I ain't too much of a man to say  
I can't wait to get to do the supernatural to you

Since supernatural ain't nothin' changed  
Still boppin' heads on the uptown train  
Playin' in the speakers while you drive in the rain  
Speedin' on the parkway switching lanes

From the underground to the tunnel bangin' your radio  
MTV, BET, video  
The Santana show via satellite in Mexico  
VIP at the door

No more dreamin', guitars screamin'  
You can make it, keep believing  
But as times keep passin'  
Feel my passion  
I won't sell my soul for fashion  
Grammy night, too much hype, too much cars, too  
much ice  
My man just got 25 to life  
Aliyah flies to paradise

Oh, baby, baby, baby, I got your back  
No matter where I am, no matter where you at  
When you're thinking of me  
I'm dreaming of you  
Oh, don't worry baby  
If you can't break through  
It's 'cause I'm on same line  
Calling at the same time  
Trying to ease your mind  
I ain't too much of a man to say  
I can't wait to get to do the supernatural to you

Hey, yo Carlos  
Make the guitar cry  
Make the guitar cry  
Just know that we will always  
We will always prevail

North, south, east to the west side  
Put this on a boat and ship it world wide  
North, south, east to the west side  
Put your hands in the air and represent your side  
North, south, east to the west side  
Put this on a boat and ship it world wide  
North, south, east to the west side  
Carlos would you play  
Play the guitar for me

North, south, east to the west side  
Put this on a boat and ship it world wide  
North south east to the west side  
Put your hands in the air and represent your side  
North, south, east to the west side  
Put this on a boat and ship it world wide  
North south east to the west side  
North, south, east to the west side

Put this on a boat and ship it world wide  
North south east to the west side
