"What Does It Take"

Visit "[What Does It Take](#)" on MotoLyrics.com

What does it take to win your love for me?
How can I make this dream come true for me?
Ooh, I just got to know
Baby cause I love you so

I tried, I tried, I tried, I tried every way I could
To make you see how much I love you
I thought you understood, ooh, I gotta make you see
What does it take to win your love for me?

What does it take to win your love for me?
How can I make this dream come true for me?
Ooh, I just got to know
Baby 'cause I love you so

I tried, I tried, I tried, I tried in every way I could
To make you see how much I love you
I thought you understood, ooh, I gotta make you see
What does it take to win your love for me?

What does it take?
