Since the moment I spotted you
Like walking around with little wings on my shoes
My stomach's filled with the butterflies
And it's alright

Bouncing round from cloud to cloud
I got the feeling like I'm never gonna come down
If I said I didn't like it then you'd know I'd lie

Every time I try to talk to you, I get tongue-tied
Turns out that everything I say to you comes out wrong
And never comes out right

So I'll say, "Why don't you and I get together
We'll take on the world and be together forever
Heads we will, tails we'll try again"
So I'll say, "Why don't you and I get together
We'll fly to the moon and straight on to heaven
'Cause without you they're never gonna let me in"

When is this fever gonna break?
I think I've handled more than any man can take
I'm like a love sick puppy chasing you around
Ooh, and it's alright

Bouncing round from cloud to cloud
I got the feeling like I'm never gonna come down
If I said I didn't like it then you'd know I'd lie

And every time I try to talk to you, I get tongue-tied
Turns out that everything I say to you comes out wrong
And never comes out right

So I'll say, "Why don't you and I get together
We'll take on the world and be together forever
Heads we will, tails we'll try again"
So I'll say, "Why don't you and I get together
We'll fly to the moon and straight on to heaven
'Cause without you they're never gonna let me in"

Slowly I begin to realize this is never gonna end
But about the same time you walk by

And I say, "Oh, here we go again, oh"

Every time I try to talk to you, I get tongue-tied
Turns out that everything I say to you comes out wrong
And never comes out right

So I'll say, "Why don't you and I get together
We'll take on the world and be together forever
Heads we will, tails we'll try again"
So I'll say, "Why don't you and I get together
We'll fly to the moon and straight on to heaven
'Cause without you they're never gonna let me in"

So I'll say, "Why don't you and I get together
We'll take on the world and be together forever
Heads we will, tails we'll try again"
So I'll say, "Why don't you and I get together
We'll fly to the moon and straight on to heaven
'Cause without you they're never gonna let me in"
