Since the moment I spotted you
Like walking 'round with little wings on my shoes
My stomach's filled with the butterflies
And it's alright
Bouncing round from cloud to cloud
I got the feelin' like I'm never gonna come down
If I said I didn't like it then you know I'd lied
Every time I try to talk to you
I get tongue-tied
Turns out, everything I say to you
Comes out wrong and never comes out right
So I'll say why don't you and I get together an' take on
the world we'll be together forever
Heads we will and tails we'll try again
So I say why don't you and I hold each other, fly to the
moon
and straight on to heaven
Cause without you they're never gonna let me in
When's this fever gonna break ?
I think I've handled more than any man can take
I'm like a love-sick puppy chasing you around
And it's alright
Bouncin' round from cloud to cloud
I got the feeling like I'm never gonna come down
If I said I didn't like it then you know I'd lied
Every time I try to talk to you
Get tongue-tied
Turns out, everything I say to you
Comes out wrong and never comes out right
So I'll say why don't you and I get together an'take on
the world we'll be together forever
Heads we will and tails we'll try again
So I say why don't you and hold each other, and fly to
the moon
and straight on to heaven
Cause without you they're never gonna let me in
Slowly I begin to realize this is never gonna end
But about the same time you walk by
And I say oh here we go again, oh
Every time I try to talk to you
I get tongue-tied
Turns out, everything I say to you

Comes out wrong and never comes out right
So I'll say why don't you and I get together an' take on
the world we'll be together forever
Heads we will and tails we'll try again
So I say why don't you and I hold each other, fly to the
moon
and straight on to heaven
Cause without you they're never gonna let me in
So I'll say why don't you and I get together and take on
the world we'll be together forever
Heads we will and tails we'll try again
So I say why don't you and I hold each other, fly to the
moon
and straight on to heaven
Cause without you they're never gonna let me in
So I'll say why don't you and I get together and take on
the world we'll be together forever
Heads we will and tails we'll try again
