Since the moment I spotted you
Like walking around
With little wings on my shoes
My stomach's filled with the butterflies

Ooh, and it's all right
Bouncing 'round from cloud to cloud
I'd got the feeling like I'm never gonna come down
If I'd said I didn't like it then you'd know I lied

Every time I try to talk to you
I get tongue-tied
It turns out that everything I say to you
Comes out wrong and never comes out right

So I'll say why don't you & I
Get together and take
On the world and be together forever
Heads we will, tails we'll try again

So I'll say why don't you & I
Hold each other and fly
To the moon and straight on to heaven
'Cause without you they're never gonna let me in

When's this fever gonna break?
I think I've handled more than any man can take
I'm like a love-sick puppy
Chasing you around

Ooh, and it's all right
Bouncing 'round from cloud to cloud
I got the feeling like I'm never gonna come down
If I'd said I didn't like it then you'd know I lied

And every time I try to talk to you
I get tongue-tied
It turns out that everything I say to you
Comes out wrong and never comes out right

So I'll say why don't you & I
Get together and take

On the world and be together forever
Heads we will, tails we'll try again

So I'll say why don't you & I
Hold each other and fly
To the moon and straight on to heaven
'Cause without you they're never gonna let me in

Slowly I begin to realize
This is never gonna end
Right about the same time you walk by
And I say, "Oh here we go again" Oh

Every time I try to talk to you
I get tongue-tied
It turns out that everything I say to you
Comes out wrong and never comes out right

So I'll say why don't you & I
Get together and take
On the world and be together forever
Heads we will, tails we'll try again

So I'll say why don't you & I
Hold each other and fly
To the moon and straight on to heaven
'Cause without you they're never gonna let me in

So I'll say why don't you & I
Get together and take
On the world and be together forever
Heads we will, tails we'll try again

So I'll say why don't you & I
Hold each other and fly
To the moon and straight on to heaven
'Cause without you they're never gonna let me in
