So you really think you're really something  
And it looks like you might be.  
I overheard you need a hero,  
Babe, that sounds a lot like me.  
Sounds like me (x3)

Girl, I don't know why you're laughing.  
I'm a lot more than I seem.  
Someone sweet, but strong as Sampson  
Yeah, that sounds a lot like me.  
Sounds like me (x3)

Truth is, don't believe a single word I've said.  
I'm just trying to change your mind.  
Dig a little deeper and I think you'd be amazed  
At all the things you just might find.  
Yeah

So you won't give me your number,  
Your name or anything I need.  
It's my fault for being foolish,  
Babe that sounds a lot like me.  
Sounds like me (x3)

Truth is don't believe a single word I've said.  
I'm just trying to change your mind.  
Dig a little deeper and I think you'd be amazed  
At all the things you just might find  
Yeah

Girl, I'll do anything you want me to  
But walk away, walk away from you  
But walk away from you  
Come on girl

You can go  
But I'm gonna stay  
Cause I wanna be here either way.  
(X3)
