What do you say?
Let's give up now and just be done
Maybe we're afraid
Of all that we will and won't become

It's hard to believe
The one closest to me
Can feel so far away

You're my pleasure, you're my pain
You're my sunshine, you're my rain
You're my darkest night lost at sea
You're the shadows, you're my light
You're the one that I need tonight
You are a stranger still to me
You're my lady, my life, my love, my enemy

Everyday
We come together or come undone
Everytime I break
Tell me again how far we've come

It's hard to believe
The one closest to me
Can feel so far away

You're my pleasure, you're my pain
You're my sunshine, you're my rain
You're my darkest night lost at sea
You're the shadows, you're my light
You're the one that I need tonight
You are a stranger still to me
You're my lady, my life, my love, my enemy

We're changing
It's painful
Into something good
We're changing
It's painful
But it's good

You're my pleasure, you're my pain
You're my sunshine, you're my rain
You're my darkest night lost at sea
You're the shadows, you're my light
You're the one that I need tonight
You are a stranger still to me
You're my lady, my life, my love, my enemy
