I said don't you ever leave me lonely baby
You didn't know what to say
Now you got me worried bout the future baby
Doubt I see upon your face

Sometimes yeah we move just like a freight train
And sometimes we don't even move
Somehow we're stuck around the circle
Where you wait on me
I wait on you

Well love ain't got to be something complicated
It can be as easy as it seems
So tell me if we're hot or cold baby
Just save me from the inbetween

Monday, we're smiling and we're laughing
Tuesday, won't return my calls
Wednesday, I'm tearin up your pictures baby
Thursday night we're havin a ball

Love ain't got to be something complicated
It can be as easy as it seems
So tell me if we're hot or cold baby
Just save me from the inbetween

Give me proof we're going forward
And you know I won't ignore it.
I just need to know what's goin on.
If you like this indecision,
Well I hate to cause division, but I'm gone.
Baby I'm gone.

Love ain't got to be something complicated
It can be as easy as it seems
So tell me if we're hot or cold baby
Just save me from the in...

Said love ain't got to be something complicated
It can be as easy as it seems
So tell me if we're hot or cold baby

Just save me from the inbetween
