I am a victim of my time  
A product of my age  
There's no choosing my direction

I was a holy man but now  
With all my trials behind me  
I am weak in my conviction

And so I walk to try to get away  
Knowing that someday I'll finally have to face  
The fear that will come from knowing that  
The one thing I had left was you and now you're gone

You were a victim of my crimes  
A product of my rage  
You're a beautiful distraction, yeah

So I kept you locked away outside  
And let misery provide  
And now I am ashamed

And so I walk to try to find some space  
Where I can be alone to live with my mistakes  
And the fear that will come from knowing that  
The one thing I had left was you and now you're gone

Is there nothing at all that I can do to turn your heart  
Is there nothing to lean on that could help erase the  
scars  
Te quiero, me quiero and I could use a little strength  
before I fall  
Is there nothing at all

I am victim of my time  
A product of the age  
You alone are my obsession

Yeah, so you were the one I left behind  
You've been heavy on my mind  
It's been a lonely road I've traveled

And so I walk to try to get away

Knowing that someday I'll finally have to face  
The fear that will come from knowing that  
The one thing I had left was you and now you're gone

Is there nothing at all that I can do to turn your heart  
Is there nothing to lean on that can help erase the scars  
Te quiero, me quiero and I could use a little strength  
before I fall  
Is there nothing at all

Is there nothing at all that I can do to turn your heart  
Is there nothing to lean on that can help erase the scars  
Te quiero, me quiero and I could use a little strength  
before I fall  
Is there nothing at all
