Stay with me baby and that's all I ask of you  
And I know that someday, you won't remember  
The way that this moment feels to you

Don't let it go, don't turn your back  
On what you think you know  
You never know you know  
Don't leave it alone  
'Cause I need you to cling to

'Cause you are my kind, you're all that I want  
Here in this life, until we are gone  
Our breath and our skin, our hearts and our minds  
They're one and the same, you are my kind

Well, call on me baby  
If you should ever need someone  
To help get your head straight  
I'll be your resident all night

Sure am glad just having you around  
Well all that I know, when you find love  
You never let it go, you never know you know  
Without you I'm lost, I get scattered, I'm shattered

'Cause you are my kind, you're all that I want  
Here in this life, until we are gone  
Our breath and our skin, our hearts and our minds  
They're one and the same, 'cause you are my kind  
We're one and the same, you are my kind

Don't let it go, don't turn your back  
On what you think you know  
You never know you know  
Don't leave it alone  
'Cause I need you to cling to

'Cause you are my kind, you're all that I want  
Here in this life, until we are gone  
Our breath and our skin, our hearts and our minds  
They're one and the same, 'cause you are my kind

I love and our life, my heart and my soul  
Need you tonight, your love makes me whole  
And it's all I can stand, until you come home  
I need you tonight, 'cause you are my kind  
I need you tonight, 'cause you are my kind

Oh, oh, oh, oh you are my kind  
Oh, oh, oh, oh you are my kind
