It's midnight and I don't want to see you leaving, no
The thought of you going back, back to him is killing
me

Baby please how can you torture my heart
When we both know where we belong
We belong here in each other's arms

Come with me and we can make the heaven sing
Can't deny the forces that you feel within
Come with me and we can make the heaven sing
Let me love you tonight, let me love you tonight

If you go we'll never know what tomorrow brings
Got to be a way to end this suffering
Come with me and we can make the heaven sing
Let me love you tonight, let me love you tonight

Baby I, I don't wanna see you hurting no more
Gotta do what's right 'cos we can't, can't go on like this
anymore
I'm on my knees you know it's over with him
So why go back when all that you need
You know that it's right here with me

Come with me and we can make the heaven sing
Can't deny the forces that you feel within
Come with me and we can make the heaven sing
Let me love you tonight, let me love you tonight

If you go we'll never know what tomorrow brings
Got to be a way to end this suffering
Come with me and we can make the heaven sing
Let me love you tonight, let me love you tonight

Come with me and we can make the heaven sing
Come with me and we can make the heaven sing
Let me love you tonight, let me love you tonight

Let me love you tonight, let me love you tonight
Come with me and we can make the heaven sing
Can't deny the forces that you feel within
Come with me and we can make the heaven sing

If you go we'll never know what tomorrow brings
Got to be a way to end this suffering
Come with me and we can make the heaven sing

Let me love you tonight, let me love you tonight
