Way down here on these dead end streets
People live in doubt and fear
And it kept them down for oh so long
Now their time is gettin' near

I don't know where
(Yeah, yeah)
I don't know how
(Yeah, yeah)
I don't know when
(Yeah, yeah)
But I tell you right now

One of these days you'll cross that line
The people gonna take you by surprise
They're gonna look their leaders in the eye
(Yeah)

One of these days you'll cross that line
The people gonna think with their own minds
They're gonna leave the system far behind
(Yeah)

How many of us spend our lives
On the outside lookin' in?
Well it seems they got us all convinced
That were never gonna, never gonna win

I don't know where
(Yeah, yeah)
I don't know how
(Yeah, yeah)
I don't know when
(Yeah, yeah)
But I tell you right now, yeah

One of these days you'll cross that line
The people gonna take you by surprise
They're gonna look their leaders in the eye
(Yeah)

One of these days you'll cross that line

The people gonna think with their own minds
They're gonna leave the system far behind
(Yeah)

Do you really think we will ever stop
Lookin' for a brighter day?
While it looks today like you are on top
It could never stay that way

One of these days
One of these days
One of these days
One of these days

One of these days
One of these days
One of these days

Yeah
Yeah
