A new city
A new school
Everything revolves around you
You feel
Do not ask why
You give a little time
In this boring story.

(Chorous)

A new girl
He entered the school
You have stolen my heart
With the first illusion
Wow!
A new girl made the first connection.
A new girl ...

An old house
A new family
Living inside her
You have your room
The inside is a function
And it all ends when the curtain closes
And I left my watch ...

(Chorous)

A new girl

He entered the school
You have stolen my heart
With the first illusion
Wow!
A new girl was the second connection.

I made a new friend
Obtains a new romance
I will give a new impression

A new girl x2

(Chorus)

A new girl
He entered the school
You have stolen my heart
With the first illusion

A new girl (a new girl)
He entered the school
You have stolen my heart
With the latest illusion
Wow!
A new girl was the third connection
The last connection.
