"For You"

I want to be perfect for you
but you find every mistake in my

(this is natural, ohhh very natural)

every rose has its thorn
every truth has its lie

(this is natural, ohhh very natural)

while your
tell me why?
You know
I did it for you!

(chorus)

I believe the fire
and filled the seas
and make it shine.
In the game
Hare your win
with measurement and control
this is for you
ago it for you
believe me baby
This was done to you
I did it for you
by by by you.

when I kiss you give me your energy
as a zombie robot made battery

(this is natural, very natural ohhh)

while your
tell me why?

You know
I did it for you!

(chorus)

I believe the fire
and filled the seas
and make it shine.
In the game
Hare your win
with measurement and control
this is for you
ago it for you
believe me baby
This was done to you
I did it for you
by by by you.

hey look at me changed
and for you
I would do over a thousand times
(and now)

(chorus)

I believe the fire
and filled the seas
and make it shine.
In the game
Are your win
with measurement and control
this is for you
ago it for you
believe me baby
This was done to you
I did it for you
by by by you x2
