Ohhh ohhh
I know what you want to hear
Ohhh ohhh
but for now I do not want to say

OK!

I say the life, life, life, life this is me
Your style, style, style, style, style, forget me
And tell me, tell me, tell me, tell me why me?
You play me, play me, play me like me

the main, the main, the main ,Name me
The rain,the rain,the rain ,for me
the time,the time,the time grabs me
crossed the line, the line, the line now greets me

(chorus)

my first love
my first illusion
my first obcesion
was you
let's start
for now
the reason why?
I'm Just Baby!!
Ohhhh
being caught in your lies
Ohhh
and now only say say goodbyes.

she says the smile, smile, smile, kiss me
thousand miles, miles, miles longer
be top, be top, be top miss me
be love, be love, be love, the thunder

i wanna back , back, back around
I'd like Jack, Jack, Jack play sound
I wanna stop, stop, stop to your heart

I would like the black, black, black my hat.

(chorus)

my first love
my first illusion
my first obcesion
was you
let's start
for now
the reason why?
I'm just baby
Ohhhh!
being caught in your lies
Ohhhhh!
and now I will just say say goodbyes.

Ohhhh!
being caught in your lies
Ohhhhh!
and now I will just say say goodbyes.

this is shine
every time
in the dark
the dark
and illuminate
be the star
every life
the life
every time
the time
in the dark
be, be the star
be, be, be, be the star
be, be the star
be, be the star
be the star

just Just baby x4

(chorus)

my first love
my first illusion
my first obcesion
was you
let's start
for now
the reason why
I'm just baby
Ohhhh

being caught in your lies
Ohhh
and now I will just say goodbyes.
