"Over Game"

I walk in front of you (in front of you)
I never thought it would be well (and serious)
For a simple game I became
the only reason I knew
I felt so alone and wanted to share
no longer!

(chorus)

The term bonus
this put him pause!
Now tell me that the game ends
and I warn you I'm just over game.
Now all I have
now check the high score
the score rose
and ask that you keep control
look at the clock
time to freeze.

for I am over game
ohhh ohhh look at him!

A picture is worth a thousand words (a thousand words)
is amazing to note a simple smile (smile)
but the lies you well know
because I heard the father in that Mass
I felt so lonely that I wanted logrraras

this!

(chorus)

The term bonus
this put him pause!
Now tell me that the game ends
and I warn you I'm just over game
now all I have
now check the high score
the score rose
and ask that you keep control

look at the clock
time to freeze.
for I am over game

The game stopped
The bonus started
the second level started ...

OHHH!

(chorus)

The term bonus
this put him pause!
Now tell me that the game ends
and I warn you I'm just over game
now all I have
now check the high score
the score rose
and ask that you keep control
look at the clock
time to freeze.
for I am over game
ohhh ohhh look at him!
