Seven days a week
Are we in the right place
At the wrong time.
Our history is like
Romeo and Juliet fate apparently
Does not want us together.

I will not wait more
Is always too long,
No longer pretend that I'm strong.
Not tolerate more, not stand more
I ask nothing more...
Our feeling is left alone

Our love is real
We are together
May never
Forever
Write a letter.

Our love is ideal
That no one to ever
But that was better.

Please love me
Forever love me

Love all the days
I want to be together
And though our love is always
Runaway forever

Always every night
I feel the adrenaline
Running through my veins.
Be always attack
From here there is no turning back
Is no longer simple games.

Can never simple
I like it more difficult...
But our situation is derailed.

A little bad
And to be right
It is black
When is white.

Our love is real
We are together
May never
Forever
Write a letter.

Our love is ideal
That no one to ever
But that was better.

Please love me
Forever love me

Love all the days
I want to be together
And though our love is always
Runaway forever.

Runaway forever, ever, ever, ever
Always on guard!
Runaway and together, ether, ether, ether.

Hey Girl

Our love is real
We are together
May never
Forever
Write a letter...

Our love is ideal
That no one to ever
But that was better.

Our love is real
We are together
May never
Forever
Write a letter.

Our love is ideal
That no one to ever
But that was better.

Please love me

Forever love me

Love all the days
I want to be together
And though our love is always
Runaway forever.

I want to be together
And though our love is always
Runaway forever.
