You are here in the rain  
never said  
it was too fast  
but I could never say you were a dream come true  
while sleeping.  
I woke up and were not  
I walked outside and look you in heaven  
just saw the flamboyant beautiful moon glow.

(chorus)

And devotees say this is beautiful  
hear a beautiful song  
while I think of you.  
and only waiting for you  
now just take my hand and we walked together.

I get started, the party  
and now I see that you are more excited than me.  
You say that these very happy with me  
and now you give me a kiss.

I embrace and understood  
what really is love for my

And yet you told me take your hand forever and never  
let go.

(chorus)

And devotees say this is beautiful  
be next to you  
sharing the moment.  
and just feel your affection  
now just take my hand and we go to dance.

Now if I am happy to be with you forever.  
never fails ...  
if that's what you want.  
and being honest you will clarify.

(chorus)

That this is beautiful to be with you.  
my life to smile again  
giving me another chance.  
will waste much less now  
because life is a gift, so is life.  
take my hand and we  
together to enjoy.  
Take my hand now!  
do quickly
