To take a walk with Love
Is harder than you know
It's higher than the world
The deeper that you go
And it's red sky tonight
Oh it's a dead
Sky tonight
And it's red sky tonight x2
It's a red sky on a full moon
And daylight go so soon..
It's a red sky tonight
To take a walk with Love
Is harder than you know
It's higher than the world
The deeper that you go
Red sky It's a dead sky
It's darker than you show
And just take a walk with love
Deep inside you know
It's a red sky tonight
(And daylight go so soon)
It's a red sky tonight
It's a red sky on a full moon
And daylight go so soon..
It's a red sky tonight
And it's red sky tonight
Oh it's a dead Sky tonight
And it's red sky tonight x2
It's a red sky on a full moon
And daylight go so soon..
It's a red sky tonight x3
Red sky
It's a dead sky
It's darker than you show
And just take a walk with love
Deep inside you know
It's a red sky on a full moon
And daylight go so soon..
It's a red sky tonight x2
